Dearest George. -

Just a line this a.m. to say hello - and to hope that the day is brighter in N. Y. than it is in Chestnut Hill - here we are having a gentle rain - Everything is most attractive around here - flowers and shrubs all in gorgeous bloom. Especially dogwood & lilacs. Tomorrow Dick & Nancy are coming to dinner here - and at noon Bee has invited Theresa to luncheon at the Chilton Club - in Boston - The Wellingtons have just moved out to the Wakefield. Doris forgot the tickets for the theatre Sat. afternoon - so I lost you Mrs. Wylie is coming on Friday afternoon, for over the week-end anyway.

What a wonderful day we had for the Jamaica - the drive up was very lovely - Much love! D.
